COUNCIL ACTION: Approved on 9/16/2008 - Ord. No. 18296-09-2008

DATE: Tuesday, September 16, 2008

LOG NAME: 3069VILLAGCREEK

REFERENCE NO.: C-23052

SUBJECT:

Authorize Execution of Amendment No. 3 in the Amount of \$234,689.00 to City Secretary Contract No. 29785 with TranSystems Corporation Consultants for Additional Services to Sanitary Sewer Rehabilitation LXIX Village Creek Drainage Basin and Adopt Appropriation Ordinance

RECOMMENDATION:

It is recommended that the City Council:

1. Authorize the transfer of \$234,689.00 for the Water and Sewer Operation Fund to the Sewer Capital Projects Fund;
2. Adopt the attached appropriation ordinance increasing estimated receipts and appropriations in the Sewer Capital Projects Fund in the amount of \$234,689.00 from the available funds; and
3. Authorized the City Manager to execute Amendment No. 3 in the amount of \$234,689.00 to the City Secretary Contract No. 29785 with TranSystems Corporation Consultants for additional services to Sanitary Sewer Rehabilitation LXIX Village Creek Drainage Basin, thereby increasing the total contract amount to \$549,473.00.

DISCUSSION:

On January 20, 2004, (M&C C-19937) the City Council authorized the City Manager to execute an engineering agreement with TranSystems Corporation Consultants for Sanitary Sewer Rehabilitation LXIX (69) Village Creek Drainage Basin for a fee not to exceed \$248,784.00. This contract was previously revised by two amendments. This contract is divided into four construction contracts. Part 1 is complete, Part 2 is ready to be advertised, Part 4 will be advertised in October 2008 and Part 3 will be advertised later.

- Amendment No. 1 for \$56,480.00 was approved on May 31, 2005, for additional sanitary sewer line and replacement of existing water lines and easement documents; and
- Amendment No. 2 for \$9,520.00 was approved on July 18, 2006, for review of shop drawings, coordination with other agencies and site visits not included in the original contract.

Amendment No. 3 provides for design and preparation of plans and contract documents for Part 4 construction contract of sanitary sewer M-257B and water line not included in the original contract documents. Additional services will require design of proposed 54 inch sanitary sewer to replace existing 2,400 linear feet of sewer main M-257B from David Strickland Road to Shoreline Circle near the Enchanted Bay-North Development. The services will include an environmental assessment, geotechnical data gathering and preparing Nationwide Permit 12.

In addition to the above, the consultant will provide design of 3,000 linear feet of 16 inch and 12 inch water line from Martin Street to Loop 820 intersection to the proposed entrance of the Enchanted Bay-North Development, project coordination, modification of sanitary sewer Main M-244B including junction box, review shop drawings, survey and prepare easement documents.

City staff considers the proposed fee of \$234,689.00 to be fair and reasonable for the scope of additional services to be performed.

TranSystems Corporation Consultants is in compliance with the City's M/WBE Ordinance by committing to an additional 14 percent M/WBE Participation on this Amendment No. 3. The City's goal on this amendment is 14 percent.

This project is located in COUNCIL DISTRICT 5.

FISCAL INFORMATION/CERTIFICATION:

The Finance Director certifies that upon approval of the above recommendation and adoption of the attached appropriation ordinance, funds will be available in the current capital budget, as appropriated, of the Sewer Capital Projects Fund.
